Greenwood City

— Mrs. Colista Morgan, Corres. —

When you step into a grove, where the winds whisper you find coolness. Here you can find a trail to follow and footsteps are drowned in the soft sponge of the earth.

I visited one this week which was not far from home. The light was muted and the floor sprinkled with pin holes of light.

It was so still standing there alone with now and then the groan of a branch rubbing against another or the crack of a twig, as I stepped.

At the edge of the grove I visited with the partridge vines. At all times of year this little evergreen plant fulfills its mission of adorning a small portion of the earth to which it finds itself rooted. But only in early summer does one find the delicious fragrance of the twin blossoms. Among the waxy blossoms may be found bright red berries of the previous year if the winter birds haven't found them first. There were but a few of each today.

As I continued up the hill the Pale Solomon Seal was in many places.

It seemed late for the columbine but I found one jewel-like plant among the ledges gleaming from its leafy perch; a thing of beauty. I wondered, as I walked on if I might meet the moose which left his huge foot print in my flower garden and Clyde's vegetable garden one night this week. I didn't, and was glad. He was no doubt back in his private world from which I was shut out.

From the hill I saw "Old Glory" waving in the breeze and welcoming me home. "But sight serene all beauty holds The Stars and Stripes in waving folds."—Barbara Moran.

There was a gathering at the Hayes Homestead over the week end. The four sons, their wives and children, Erwin from Connecticut; Ardell, Auburn; Glenn, Gray; Duane, West Paris. Another dark Monday morning but the Go Shoes are already to go—but have no place to go. But the Go Shoes have been on the go this past week. Let's see, I guess I was home on Monday but I went to town on Tuesday and to Norway on Wednesday, and in the evening I went with Peggy and Joe to the small boys Red Sox ball game. Thursday found me in Norway again—and Saturday night went to Bear River Grange and yesterday visited Lawrence and Grace Yates in West Paris and had a delicious dinner. Viva Whitman of Norway and Wynonia Woolf of Lewiston were dinner guests too. Today I expect to give the Go Shoes a rest.

While we were at the Grange Hall we had the chance to watch a bull moose meander around by the store at the corner. He was just exploring—but what a sight they are.

Vivia Whitman returned to her home in Norway after spending the week end with her mother and brother Joe Yates.

Tuesday afternoon rush callers at Eva and Joe's were Pamela Taylor of town and Verna Swan, Ann Crockett, Esther Pierce and Billie Croteau of Bryant Pond.

I am told our mail lady is driving a new station wagon. Good for her.

Joe and Eva attended the boys ball game at Bryant Pond. Red Sox won.

Russell Yates was in Norway Thursday to see his doctor.

Friday callers at Joe Yates were Rob Bean and Darnita Yates.

Several graduation party's were held Friday night.

BETHEL RED SOX WIN THIRD

Jimmy Merrill let a 21 hit attack with four hits including a double, a triple and four RBIs as the Bethel Red Sox defeated Bryant Pond 3-0. Merrill was also the winning pitcher as he pitched all six innings yielding only one hit with no walks and 12 strikeouts.

Adding to the offensive attack were Chris Keyes, Brant Remington, and Rodney White, with three hits apiece. One of Keyes' was his second home run of the season, coming in the second inning with no one on base.

Jeff Lyon, Mike Thompson and Randy Coulombe added two hits each and Shannon Sumner and Timmy Chapman each contributed one.

The win left the Red Sox at 3-0 with victories over Rumford Point, West Paris and Bryant Pond.

and take Rover for a walk or two around the garden each night—it helps to keep deer, etc., out.

Bear River Grange held a regular meeting Saturday night. We had ten members out which was good. The Deputies were there and we had six visitors. Quite a lot of business was taken care of. We have had to raise the price of the use of the hall to \$35. That is the dining hall. We would like to have election of officers June 26, so we would appreciate having each and all members come and help out. No one wants to see Bear River Grange have to quit because the members won't come. If you come and each one does his share we can keep going—So come, "Don't be a Shrinker." There is a pot luck supper before each meeting so bring your pot of luck or your luck may be nil. Until we meet again, be happy, and if it continues this cold, the bugs won't chew too hard.

SUPERINTENDENT'S NEWSLETTER

ing the past year. I have asked the Academic Standards Steering Committee to identify these evaluative criteria by February 1983, so that field tests can be administered in the spring of 1983. Thus by the end of 1983, S.A.D. 44 will have not only a clear set of instructional objectives in the three basic skills areas of reading, language arts, and mathematics, but also a method of determining if the goals and objectives have been reached. This dimension of instructional accountability will be a tremendous benefit to teachers, students, parents and the public.

Of all of the achievements of the past year, the development of goals and objectives for grades K to 8 is the single most significant accomplishment. The teachers who served on the Academic Standards Steering Committee contributed many hours of their time. The committee members shared their findings with their fellow faculty members, and worked to make the January Workshop on Goals and Objectives a success. The teachers in S.A.D. 44 are the district's most valuable research. When teachers work together to develop curricular goals and objectives, improvement in the quality of instruction throughout the system will result.

Goal II—Evaluate the Vocational Education Program for Secondary Students

At the outset of the school year, an ad hoc Vocational Educational Committee was formed to review various options for the delivery of vocational education to students in S.A.D. 44. Among the options considered by this committee were: withdrawal from Region 9 (NOVA) and alignment with Region 11 in Norway-South Paris; withdrawal from Region 9 and formation of our own independent vocational center; and, modification of either cost-sharing or programs at NOVA. Cost analyses of each option were developed and shared with the ad hoc committee and the full Board. At this point the NOVA superintendents are exploring a change in the funding mechanism that will relate vocational education costs to vocational education enrollments. This change should improve the cost-effectiveness of vocational education in S.A.D. 44.

Goal III—Reach a Decision on the Improvement of the Physical Plant

The Board and administration have virtually accomplished this goal. On Monday, June 7, the Board agreed to an option to purchase a property on Rumford Avenue for a new elementary school in Woodstock. This culminated nearly four months of examining alternative sites. On June 9, the State Board of Education approved this option. A public hearing will be conducted to review the concept design

This year Farmington Falls Church of the Nazarene were guests of the Bethel church. Games were played and a lot of hot dogs were consumed.

Walking With Jesus Christ

Pilgrims Progress—John Bunyan's story in a dream—of a man named Christian—a Pilgrim formerly of rags and indeed sinful, had his life changed to one deserving the name of Christian. Christian exemplifies the life of many, many believers on the way to the celestial city, tempted, with pitfalls on every side—carrying a great burden—so heavy it tried him sorely—much to the delight of the "deceiver" who placed it there.

Bunyan relates in his dream—Christian observing a multitude at the bar of judgement—a proclamation—"Gather together the tares, the chaff, and stubble, and cast them the burning lake"—and many were cast into it. Matt. 4:2. Christian heard the words—"Gather my wheat into the garner"—I Thess. 4:13-15—but I was left behind—and he was sore tried. Help came from the "Interpreter"—"The Comforter be always with thee, good Christian, to guide thee in the way that leads to the city."

Now I was in my dream, that the highway up which Christian was to go, was fenced on either side with a wall, called Salvation, Isaiah 26:1—up the way Christian went, therefore did Christian run, but not without great difficulty because of the load on his back. (Oppressed with a habitual sense of guilt, and often bowed down with fears, till the Comforter, who glorifies Christ, makes it clear to us by Divine illumination—quickening the believer when he puts implicit reliance on God's mercy through Jesus Christ.)

And, so as Christian ran till he came where stood a Cross—and a little below a sepulchre—when Christian's burden loosed from his shoulders and tumbled into the sepulchre and saw it no more.

Then was Christian lightesome, and said with a merry heart,—"He hath given me rest by His sorrow, and life by His death. Then he stood awhile, to look and wonder for it was very surprising to

him that the sight of the Cross should ease him of his burden. He looked therefore and looked again, even till the springs that were in his head sent waters down his cheeks. Zech. 12:10. Now he looked weeping, behold, three shining ones came to him, and saluted him with—"Peace be to thee." So, the first said to him—"Thy sins be forgiven thee."—Mark 2:5.—the second stripped him of his rags, and clothed him with a change of raiment—the third also set a mark on his forehead and gave him a roll with a seal on it, Eph. 1:13. Then Christian gave three leaps for joy, and went on singing.

SMITH - MORTON

Miss Kara Quinn Morton and Gerald Scott Smith were united in marriage in a double ring marriage ceremony, Saturday evening, May 15. The marriage was conducted at the Church of Christ in Rockwall, Texas, by minister Tom Smith.

Parents of the couple are Mr. and Mrs. Delvin Morton, Rockwall, Texas, and Mr. and Mrs. Jerry Smith of Fryeburg, Maine. Escorted down the aisle by her father, the bride was lovely in a white organza over taffeta gown. The fitted bodice featured a keyhole neckline, and long sleeves of Chantilly lace. The skirt was a complete circle, trimmed with two rows of lace, coming into a cathedral train in the back. The skirt and bodice featured appliques of lace. Her finger-tip veil was made of illusion and crowned by a Juliette cap. The bride carried a bouquet of peach and white roses surrounded by baby's breath and lace streamers.

The groom was in a white tuxedo with a white shirt and a white bow tie. He carried a white boutonniere and a white pocket square. The wedding party consisted of the bride, groom, best man, maid of honor, bridesmaids, and flower girls. The ceremony was held in the Rockwall, Texas, church. The reception was held at the Rockwall, Texas, hotel. The wedding was a beautiful and memorable occasion for all who attended.

Mr. and Mrs. Frank Piper and daughter, Darlene, of Mechanic Falls, attended the baccalaureate services of Telstar Regional High School with Mr. and Mrs. Paul Kimball, Thursday.

Mr. and Mrs. Walter Perry and Miss Doreen Piper of Mechanic Falls, and Mrs. Myra Foster went with Mr. and Mrs. Paul Kimball to the Telstar graduation ceremony Friday evening. Miss Velora Kimball graduated Friday. Many other people of East Bethel attended the graduation also.

John Foster of Andover visited Mrs. Myra Foster, Wednesday.

Mr. and Mrs. Richard Stearns took Mrs. Myra Foster to Rumford shopping Thursday.

At last folks, I have found out which one of the Swan boys is living in the house next to ours. Mrs. Jody Swan and three daughters, Jerry, Heather and Jennifer, are there.

A car turned over near our place Sunday because the driver got onto the soft shoulder, which pulled him off the road. There was no one hurt. The driver was the only one in the car fortunately. The car sustained serious damage. We did not find whom it was, unfortunately.

NEWS FROM POOH CORNER

This is the very last week of nursery school! On Wednesday the class will tour the Rumford Animal Farm and have a picnic lunch. On Thursday will be special presentations at 11 o'clock and the annual pot luck luncheon. Two of the children have been promoted to kindergarten and the others look forward to visiting Jill Olson and Heather Davis at Ethel Bisbee School next year.

The children say a special thank you to all those people who let them visit with them and who came to nursery school to give a special program. They are looking forward to a new session in the fall.

BETHEL RED SOX 7

BETHEL BRVES 3

Walks seemed to be the name of the game as 23 batters received bases-on-balls and the Bethel Red Sox defeated the Bethel Braves 7-3 for their fourth consecutive win.

The scoring began in the first inning when the Braves went on top 1-0. Red Sox starting pitcher, Mike Thompson, walked four straight batters and Mindy Robinson scored the go ahead run.

In the top of the third the Red Sox came up with four runs to take the lead. Five walks, a sacrifice bunt, a few wild pitches and one error accounted for the four runs.

In the bottom of the third the Braves came back with two more runs and narrowed the score at 4-3. Four walks, a few wild pitches resulted in the two Braves' runs. Then with bases loaded and one out the Red Sox made a pitching change and things seemed to settle down. Brant Remington pitched to two batters — one grounded out and the other struck out to end the Braves' rally.

The Red Sox added three insurance runs in the top of the fourth to end the scoring at 7-3. Mike Bennett reached on an error as did Timmy Chapman and Brant Remington reached on a catcher's interference to load the bases. Consecutive walks to Jimmy Merrill and Jeff Lyon scored two and a wild pitch scored one more before the inning ended.

The Red Sox are now 4-0 and the Braves are 3-1.

BETHEL SENIOR CITIZENS MET ON JUNE 9

The Bethel Senior Citizens met on Wednesday, June 9, at the I.O. O.F. Hall for their regular monthly meeting with 72 members and guests present. Maude Danforth had charge of the registration book.

The meeting was called to order by the president, Muriel Faudi. A moment of silence was observed in memory of Fenol Godwin. Prayer was offered by Rev. Millett Cummings followed by the Lord's Prayer in unison. The flag salute was given and one verse of America sung. A special welcome was extended to the guests and to members who had not been present for some time.

The secretary's and treasurer's reports were read and accepted. Floribel Haines, Sunshine Chairman, reported that four get-well cards had been sent. Elizabeth Lord read a poem "A Little Mixed Up" which was very amusing and thoroughly enjoyed.

The President announced that 59 Senior Citizens from this area attended the smorgasbord dinner in South Paris on May 26. The President also reminded the group of the trip to Augusta on June 16. Anyone wishing to go should notify her as soon as possible.

Joan Coolidge spoke briefly on the Cape Cod trip which takes place Sept. 27, 28, 29. The bus will leave the Bulldog Diner on Sept. 27 at 7:30 a. m. Those wishing further information may contact Mrs. Coolidge.

Announcements were made of the Friday Gift Shop which will open June 18 in the Annex of the Methodist Church and the Strawberry Festival which takes place July 8.

Those observing birthdays were: Grace Buck, Bertha Flanders, Beatrice Grover, Elizabeth Glines, Guy Parker and Carolyn Brooks. The birthday cake was furnished by Mr. and Mrs. Donald Bennett, Bertha Flanders, Florence Fifield, Stella Howe, Gladys Jordan, Annie Kimball, Lora Noyes and Mr. and Mrs. Mansfield Packard. It was made by Leona Flint.

The next meeting will be held on July 7 at the Odd Fellows Hall. At that time there will be a Silent Auction under the supervision of Maude Danforth.

The meeting was adjourned. Rev. Cummings offered grace and a nice ham dinner was served.

The speaker for the afternoon was Kathleen Roberts, Director of the Coastal Management Association in Portland. She was introduced by Merton Brown who had on display a large blueprint of the local housing development which will be known as the Bethel House. Kathy described in detail the interior and exterior of this housing complex when it is completed. She presented two guidelines by which a person can qualify for an apartment. 1. They must be over 62, unless disabled or handicapped. 2. The yearly income of a single person cannot exceed \$7,300, of two people, \$8,300. Each tenant will pay 25% (possibly 30%) of their total income and the remainder of the rent, which includes utilities, will be subsidized by the government.

Applications for these apartments will be accepted sometime

KEEP US IN MIND

It's that time of year when your local Rotary Club must start gathering items for our annual auction. The proceeds of all of our efforts go to support such projects as the Senior Citizen Xmas Dinner, Xmas Food Baskets for the needy, student scholarships, support of the local health facilities, summer camp tuition, area athletes expenses, disabled individuals needs, etc. If you're cleaning the garage, attic, or cellar, for us get rid of those unwanted items for you. Call Roger Conant (824-2131 or 824-2269) for pickup. Help us with your support of our projects. It's a good feeling!

WOODSTOCK HISTORICAL SOC. ENJOYS SLIDE SHOW

At last week's meeting of the Woodstock Historical Society its members enjoyed a slide show presentation, Scandinavia by Annie Gardner. The speaker gave an interesting narration and the pictures were colorful and topical.

During the business meeting a discussion was held on producing stationary for sale by the society. Preliminary sketches submitted by local artists of the Baptist and Universalist Churches and the old stage were examined. A committee was also appointed by President Eva Twitchell to undertake a quilt exhibit some time this summer. Donations from Mansfield Packard, Gleim Brooks, Dorothea Hooper, Eva Twitchell and Annie Crockett were received and admired.

Hopefully the museum will be open this summer from 1 to 4 p. m. on Saturdays. In the event that it should be closed contact Curator Larry Billings and he will let you in. The exhibits are now quite extensive, so plan to visit and enjoy them.

Children's Center

The children have been actively involved in several Center projects. They have planted a terrarium and are now enjoying watching it grow! They are also planting their vegetable garden that will include beans, peas, tomatoes, peppers, onions, beets, watermelon, cantaloupe, and sunflowers. They have sanded and finished a new balance beam for use.

Children are also studying "animal" life in and outside the classroom. They had a good visit and picnic at the Rumford Zoo. Trips are planned to Laban Sheep Farm and Dr. Hudson's Farm.

The visit to the Ethel Bisbee School for their annual Circus presentation was also enjoyed by all.

Welcome to Seneca Brooke—new Day Care child from Newry.

Again the Children's Center staff needs to remind neighborhood children and softball field users that they are not allowed in the Center playground. During the game that was played Monday night, June 14, many older children were in the Center yard and swings were broken and a large metal bar that could have seriously injured a child was knocked down. Please adults be responsible for children you bring over to the field.

Thank you to Karen and Eric Paul for donations of flowers for window boxes and plants for the garden. Thank you to Al Lovejoy for tilling the garden and to Arthur Gilbert for vegetable plants. Children hope to get lots of produce this year.

In the fall although the Bethel House will not be ready for occupancy until February 1983, Bethel residents will be given priority to those living out of town. Any further information may be obtained from Merton Brown.

North Paris

— Evaline B. Vatcher, Corres. —

Another dull, dreary day and once in a while a few drops of rain. It was a good day to go visiting, so my husband and I drove to Colebrook, N. H., to visit Mr. and Mrs. Henry Moltram. Mr. Moltram used to work for Joe at the Sausage Public Works Department. It was cold and windy there at 58° at 11 a. m. They had a killer frost a few days ago, so they were in the garden, replanting it.

Jack Newmeyers has been cutting his blow down lumber across the road from Joe Vatcher. His brother is helping him. It looks better, but still it looks strange. It will be better later.

The school children are counting the days and hours before the last days of school. I believe they will be out on June 18.

Several from here attended the West Paris Alumni banquet at the West Paris Grange Hall on June 12. It is good to meet once a year and compare notes and check up on one another.

Callers at Lawrence's: Mr. and Mrs. Pat Myers, Mr. and Mrs. Albert Penley, Sr., Jimbo and Ruby Coffin, Mr. and Mrs. Joe Vatcher, Mae Wager and daughter, Joyce Maier, New York, Mr. and Mrs. Joe Kalinowski, Barbara Felt and Jenny. Thursday, Mr. and Mrs. Ruff Lawrence went with Lloyd Humbley to New Gloucester, called on his daughter and husband, Virginia and George Stone. They had lunch in Brunswick, then on to Pemaquid Point. They had a lovely day and enjoyed every bit of it.

Mrs. Rhoda Vatcher has a new car.

When Joe Vatcher went to the barnyard this Monday morning he was heart broken to find only three adult ducks and three baby ducks. The mother hen and all the chickens were gone, also all the baby ducks but three. He felt like a poor farmer. We heard the dogs bark like mad at 2 a. m. but in the darkness we couldn't see anything in the yard. Joe shot a huge rat Friday evening so it was something other than a rat. All the feathers were left, so it could have been a raccoon, as they are around, Oh, well.

Mr. and Mrs. Joe Kalinowski were hosts on Monday evening to a birthday supper for Thelma Card and Marietta Penley. Guests were: Mr. and Mrs. Ruff Lawrence, Mr. and Mrs. Albert Penley, Sr., Mr. and Mrs. Carroll Records, Mr. and Mrs. Herman Card, Mrs. Helen Emery, Mechanic Falls, Mrs. Rachel Boston of Lake Alfred, Fla. They enjoyed a delicious supper and an evening of fun at "Big Rock".

Evaline had a hard week. The Mister bought her a new sewing machine and it has many new gadgets, buttons and what-nots on it.

directed to draw up bid specifications that, after approval by the Board, would solicit local contractors, acting individually or collectively, to put up the Town's winter sand for the lowest bid price. TRAVELING TEAL

—FAST FLYING DUCK

Maine waterfowl hunters know the blue-winged teal as an elusive quarry—a small, fast flying duck.

According to the Fish and Wildlife Department's migratory bird research leader, Howard E. Spencer, probably few teal could match the speed and distance flight recently recorded for one Maine blue wing teal.

The young duck, hatched in the spring of 1981, was banded near Ashland, Maine on Aug. 25.

On Sept. 23, the duck was shot and its band recovered on Terceira Island, in the Azores off the coast of Spain. In less than a month, the duck had flown over more than 2,000 miles of open ocean.

Spencer says the information on the banded duck was received and processed at the Patuxent Wildlife Research Station at Laurel, Md. The band was recovered and sent to Patuxent by Gary L. Plotts of APO, New York, who is believed to be a U. S. serviceman stationed in the Azores.
